Blues — Chair Hon. Jim CARR  
(Winnipeg South Centre)

Mr. Dave Lloyd

Political, cultural, & social consequences  
of this are profound, the fallout for L.E. &  
security in this country will be  
especially serious.

Contest made the police look unprepared  
& ineffectual. Not only was the convoy  
able to enter & occupy the city, OPS  
appeared to have completely withdrawn  
from the field.

For the convoy, & especially for its core  
organizers (to say nothing of the citizens  
of Ottawa whose lives were disrupted), it  
seemed clear that the OPS had been  
intimidated into submission from the very  
beginning.

Yes, effective policing eventually brought  
the situation to a conclusion, but the  
three weeks that it lasted reinforced the  
message that the police are weak &  
vulnerable, & that mass occupation works.

The protest: Policing in this country suffered  
a severe blow to its reputation  
& prestige. Not only did it appear weak &  
unprepared but, just as critically, its response  
to a largely white crowd seemed
